

Dear You: A Live Act – invitation to collaborate

Dear Dreamers,

What does your dream world look like?
What would you like in your world?
Who is in your world?
What does your world smell like?
What are the crunchiest things in your world?
How would you like to be treated in your dream world?

Now is your chance to creatively express yourself about your dream world and have it be realized in an installation. Dear You will integrate your thoughts and artwork in Teatteri ILMIO where we will be able to see, touch, and move in our ideal living situation!

Send your artwork to:
